*“...gave a wonderful presentation to our *MIND Club...started his performance early...kept the flow of our program moving. I never expected that he would play until the program was over at 2:00pm. Most performers are very aware of the time, and do not want to play for longer than they are being paid for.... Randy is a true performer...it is obvious how much he enjoys what he is doing. The residents picked up on his enthusiasm and couldn't help loosening up and having fun. Giving the residents instruments to play and being so interactive with the audience made his program one I know that they will remember. I learned a lot myself and all of us will be looking forward to his return!”*

Debbie Loube, Lead Concierge & Volunteer Coordinator, Ingleside at King Farm, Rockville, MD

“...gave a stellar performance that moved me and also drew attention to the plights and injustice of Native Americans...felt spiritually connected to the experience and was transported to a place of serenity...my maternal grandfather was full Cherokee. He died long before I was born. I had to hold back tears as I began to see various spiritual visions while Windtalker played the flutes. I felt like I was connecting to a part of my heritage that I once thought was lost.” **Michelle Luby**, Program Director, Plum Gar Community Center, Germantown, MD

“A very enjoyable show...a very good performer.”

"The sound of the wind, the sound of the trees, the sound of the mountains, the music of those who walked this land awaited us at the Gaithersburg Senior Center this week. Windtalker took the full house on a journey from Georgia to Maine with songs composed by Randy Motz using the Native American flute as his vehicle. His stories and songs, with breathtaking photographs by Georgia Harris, his wife, drew us in and we felt as if we were also out on the trail (the Appalachian Trail). We even collaborated with Windtalker on a piece as he passed out percussion instruments that the audience eagerly played, creating a song that was unique for that moment, something we will remember as we continue on our journeys." **Mike Bucci**

"My wife, Marilyn, and I really enjoyed your Friday evening performance at the Frederick Coffee Company. It was the very first time we had ever listened to Native American Indian music. I was very impressed with the number of pipes (flutes) you have in your arsenal....Both my wife and I are enjoying the CDs we purchased from you. They are very special, indeed. We look forward to seeing you again in the future...." **Charlie Abell**
